

**Advertisement of a full-time academic post in the field of Large animal Theriogenology  
Department of Clinics of Production animals, Faculty of Veterinary Medicine – Uliege**

**Date of post coming into force:** 01/10/2018

**Reference:** FMV2146

**CONTEXT:**

The Faculty of Veterinary Medicine of the Université de Liège is currently seeking candidates for **an Associate Professor position in Theriogenology of Ruminants** to complete a multidisciplinary team of professors in its Clinics of Production Animals.

**DUTIES:**

- Teach Theriogenology of ruminants to undergraduate and postgraduate students (i.e. interns and residents);
- Participate in clinical teaching and service at the Clinique Vétérinaire Universitaire (CVU);
- Develop research activities in the field of Theriogenology of ruminants;
- Develop extra-muros (in-farm) services in the field of Theriogenology of ruminants (herd follow ups, ...);
- Supervise doctoral thesis;
- Participate in outreach activities within the field of theriogenology of ruminants (scientific publications, congresses, conferences and other activities).

**PROFILE:**

*Candidates must:*

- hold a Doctorate in Veterinary Medicine (DVM) or equivalent;
- be licensed to practice veterinary medicine in Belgium;
- hold a PhD degree (or equivalent AES);
- be a Diplomate of the European College of Animal Reproduction (ECAR), the American College of Theriogenologists (ACT) or the European College of Bovine Health Management (ECBHM); candidates eligible to sit the specialty examination will also be considered;
- demonstrate deep theoretical knowledge, have a strong practical background and a great clinical experience in the field of Theriogenology of ruminants;
- have a strong interest in teaching, clinical services and research;
- have communication and leadership skills;
- be able to communicate in French;
- have demonstrated their expertise in developing research programmes, publishing scientific papers and supervising drafting of dissertations and doctoral students.

#### ADDITIONAL INFORMATION:

Additional information can be obtained from **Professor Georges DAUBE**, Dean of the Faculty of Veterinary Medicine (tel. 00 32 4 366 40 15, eml: [Georges.Daube@uliege.be](mailto:Georges.Daube@uliege.be)).

#### SALARY:

Financial information for this position can be obtained from **Mrs Ludivine DEPAS** - tel. 00 32 4 366 52 04 - [Ludivine.Depas@uliege.be](mailto:Ludivine.Depas@uliege.be)

The selected candidate will be appointed for a fixed term of 4 years, which, following an evaluation after 3 years, will be changed into a permanent contract.

#### APPLICATION PROCESS:

*Documents for the applications must include:*

- two copies of your complete curriculum vitae;
- an example of your publications;
- a summary of your teaching and research project in the field of Theriogenology of ruminants (4 pages max.).

Applications must be addressed to **the Rector** of the University of Liege (**REGISTERED MAIL**), Place du XX Août, 7, B-4000 LIÈGE, and **submitted before March 29th 2018**.

Candidates should also send their full application in electronic format to the following addresses: [Georges.Daube@uliege.be](mailto:Georges.Daube@uliege.be) and [Eveline.Orban@uliege.be](mailto:Eveline.Orban@uliege.be)
