

Lecturer, Large Animal Clinical Sciences – Equine Theriogenology

Applications are invited from qualified individuals for a full-time position as a Lecturer in Equine Theriogenology in the Department of Large Animal Clinical Sciences (<https://wcvm.usask.ca/departments/large-clinical.php>) at the Western College of Veterinary Medicine (WCVM). The appointment will be for a three-year term, with the possibility of renewal, and will focus on delivering high-quality teaching at the undergraduate and graduate levels while providing clinical expertise in support of the College's service mandate.

This position entails a 75% commitment to the equine theriogenology clinical service of the Veterinary Medical Centre (<https://vmc.usask.ca/>) while providing supervision and instruction to undergraduate students – primarily those in the fourth or final year of the Doctor of Veterinary Medicine (DVM) program – as well as interns and residents. The successful candidate will also contribute to the department's teaching responsibilities, including lectures, laboratories, and demonstrations in Years 1 to 3 of the DVM curriculum, and graduate courses. The remaining 25% of the appointment will be devoted to research, administrative responsibilities, and related activities.

Applicants must possess a DVM degree or equivalent, have completed an approved residency in theriogenology, be either certified, i.e., a Diplomate, of the American College of Theriogenologists or be eligible for certification at the time of appointment, and have earned an advanced degree in a related discipline. They must also be eligible to work in Canada and must possess an appropriate Saskatchewan Veterinary Medical Association license (<https://svma.sk.ca/become-a-member/dvm/>) by the start of the appointment.

The Equine Theriogenology Service currently operates with one faculty member who will be on a one-year sabbatical leave beginning on July 1, 2027, as well as two Residents and a Specialty Intern. This position presents an exciting opportunity to contribute to the expansion of clinical services in assisted reproductive technologies.

The WCVM (<https://wcvm.usask.ca/>) is Western Canada's regional college of veterinary medicine and currently enrolls about 360 undergraduate students from three western provinces and northern jurisdictions, as well as approximately 200 graduate students. The University of Saskatchewan is a member of U15 Canada – an association of the country's leading research-intensive universities – with a reputation for excellence in teaching and other scholarly activities. The university offers a full range of undergraduate, graduate, and professional programs to more than 26,000, including over 21,000 undergrads and 4,500 graduate students.

Located within the WCVM, the Veterinary Medical Centre is a state-of-the-art AVMA- and AAHA-accredited hospital and referral centre. It offers specialty services and training in anesthesia; behavior; dentistry; dermatology; exotic, wild, and zoo animal medicine; internal medicine; medical imaging; nutrition; oncology; ophthalmology; radiation oncology; rehabilitation; surgery; and theriogenology.

The salary band for this position for the 2026-2027 academic year is \$95,187 to \$139,203

Salary is negotiable based on qualifications and experience.

This position is within the scope of the University of Saskatchewan Faculty Association (<https://usaskfaculty.ca/>). The university offers an attractive and comprehensive benefits package that includes six weeks vacation; dental, health, and extended vision coverage; a pension plan; life insurance (both compulsory and voluntary); sick leave, long-term disability, and death benefits; an employee assistance program; a flexible health and wellness spending plan; travel insurance; and a professional expense allowance.

Interested candidates should submit a cover letter, detailed curriculum vitae, and any supporting documents via email to:

Dr. Andy Allen, Head
Department of Large Animal Clinical Sciences
Western College of Veterinary Medicine
University of Saskatchewan
Email: andrew.allen@usask.ca
Telephone: 306-966-7294

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents. Candidates are asked to indicate whether they are Canadian citizens, permanent residents, or otherwise authorized to work in Canada for the duration of the appointment.

Review of applications will begin upon receipt and continue until November 6, 2026. The anticipated start date is July 1, 2027, or on another date mutually agreed upon with the successful candidate.

The University of Saskatchewan aspires to be what the world needs and embraces equity, diversity and inclusion as foundational to excellence and innovation. We actively seek to create a welcoming environment where all individuals feel empowered to thrive, contribute, and grow. Applications from equity-deserving groups are encouraged as part of our ongoing efforts to reflect the diversity of the communities we serve: [EDI Framework for Action](#).

We continue to grow our partnerships with Indigenous communities across the province, nationally, and internationally and value the unique perspective that Indigenous employees provide to strengthen these relationships. Verification of Indigenous Membership/Citizenship at the University of Saskatchewan is led and determined by the [deybwewin | taapwaywin | tapwewin: Indigenous Truth policy](#) and the Standing Committee in accordance with the processes developed to enact the policy. Successful candidates that assert Indigenous membership/citizenship will be asked to complete the verification process of Indigenous membership/citizenship with documentation.

The University of Saskatchewan provides an accessible and inclusive workplace. Should you require support through any stage of the recruitment process, please [contact us](#) for assistance.
